

HERE ARE OUR NEW BALL FIELDS

We have four acres, next door to SOAR.

We have water. We have sprinklers...

Now we need YOU to finish the job!

LET'S BUILD THE BALL FIELDS!

We Need Your Help.

More people, young and old, want to play baseball and use athletic fields in Sisters. In 2005 the Sisters Little League program added 3 more teams. Adult softball participation is increasing. All turf in our town is needed for sports events. SOAR (Sisters Organization for Outdoor Recreation and Activities) would love to host out-of-town teams for baseball and softball tournaments.

Sisters Little League: The Future of Baseball in Sisters

Little League Baseball and Softball is the largest youth recreational organization in the world. Each year Sisters Little League has provided an outstanding program for over 200 boys and girls, aged five to fourteen. Volunteers run the league and coach the teams. Little League has outgrown the two fields leased from and provided by Sisters Community Church. We are fortunate that SOAR has provided Sisters Little League land to develop new ball fields.

New Ball Field Development

These brand new baseball diamonds are within reach, thanks to Sisters Kiwanis and many who have already stepped up to the plate. So far over \$60,000 in money, time and equipment has the ball fields off to a great start. Now, Sisters Little League needs to raise \$30,000 to complete the construction. Here's what the money will do:

- **Install fences and backstops**
- **Pour concrete walks**
- **Install Dugouts**
- **Put up bleachers**
- **Build the storage shed**

Wont you help finish the ball fields in time for the 2006 spring season? Your cash or in-kind contribution is tax deductible. Sponsors above \$200 will be listed in stone, at the ball fields. Best of all, your children and grandchildren will have a beautiful and safe place to play baseball, paid entirely by generous folks in the community like you.
